3. Upon arrival at the Reference Veterinary Practice, the Reference Veterinary Practice will inspect the Returned Product and make a determination as to whether or not the Returned Product is eligible for a return from the Online Veterinary Boutique in accordance with the Admissibility Criteria. If the Reference Veterinary Practice determines that the Returned Product is eligible for a return as it complies with the Admissibility Criteria, it will ask you to fill out and sign a return request form: [https://boutiqueveterinaire.cdmv.com/sn\\_uploads/fck/B2C\\_Formulaire\\_retour-Return\\_Form.pdf](https://boutiqueveterinaire.cdmv.com/sn_uploads/fck/B2C_Formulaire_retour-Return_Form.pdf).   - Your Online Veterinary Boutique account number;
  - The Product code, quantity and description for each Returned Product;
  - Your Online Veterinary Boutique invoice number for each Returned Product;

Note that the reimbursement will not be made directly by your Reference Veterinary Practice. The reimbursement will be issued by the Operator of the Online Veterinary Boutique.
5. No return will be accepted without the duly completed return form. Please note that the fact that the Reference Veterinary Practice determines that the Returned Product is eligible for a return and that you fill out a return form and physically return the Returned Product to your Reference Veterinary Practice does not automatically guarantee that the return will be accepted by the Online Veterinary Boutique and that a reimbursement will be made. The Online Veterinary Boutique reserves the right to make the final determination as to whether or not the Returned Product is eligible for a return from the Online Veterinary Boutique. In the event that the Online Veterinary Boutique, at its entire discretion, decides that the Reference Veterinary Practice did not make a proper determination in its application of the Admissibility Criteria, then it shall inform the Reference Veterinary Practice which shall subsequently inform you.

6. Returned Products will be processed in a timely fashion. You will be able to know when the reimbursement is accepted as once the reimbursement has been accepted, a credit note will be available to view via your account management on the Online Veterinary Boutique. The reimbursement will be made on the next statement of your credit card used for the initial payment (or the one following depending on your invoicing dates).
7. Should you need to obtain more details on the status of your return request, please contact your Reference Veterinary Practice. In the event of a refusal of a return, you will be contacted by your Reference Veterinary Practice with further details. Diligently following the previously described steps helps ensure a seamless return process.
